DO YOUR PART

KEEP VERMONTERS HEALTHY & SAFE

with proper storage and disposal of prescriptions

Did you know?

More than half of people who misuse prescription medication get it from a friend or relative.

That's not the only reason you should properly store and get rid of unwanted medications.

They can be a risk to kids and pets. And flushing or tossing medications in the trash is a danger to our waterways and wildlife.

Do your part with these easy steps:

LOCK

Store medications in a lock box or locked medicine cabinet.

DROP

Drop off unused medication at a kiosk at your local pharmacy or police station.

MAIL

Mail unused medication in a pre-paid envelope.

For information on kiosk locations near you or to receive a free mail-back envelope, visit
